

Thai Wacoal receives Outstanding Innovative Company Awards from SET Awards 2017

Thai Wacoal Public Company Limited received **Outstanding Innovative Company Awards for Wacoal Body Clinic Innovation** in the SET Awards 2017. The event was organized by The Stock Exchange of Thailand, in collaboration with Money and Banking Magazine and TRIS Corporation Limited. In this event, Mr. Boondee Amnuayskul, CEO and Managing Director, a representative of the company received the award from Ms. Kesara Manchusree, President of The Stock Exchange of Thailand.

Wacoal Body Clinic is an innovative product and service to meet special needs of customers and solve individual physiological women problems that general lingerie cannot serve their needs. Wacoal Body Clinic has provided 7 categories of products and services : 1) **Balancing Bra and artificial breast** for women suffering from breast cancer 2) **Clinical Wear** provided a custom-made pressure garment for patients after healing burn wound 3) **Surgical Wear** provided for people after cosmetic surgery 4) **Healthy Care** for women wearing to enhance their personality 5) **Exclusive Foundation** for women with special cup / size 6) **Magic Body** designed specifically for transgender who want the body-sculpting 7) **Individual Design** for women who like to mix and match lingerie by themselves

Wacoal Body Clinic Innovation is a part of supporting Thailand's medical hub policy and boosting up women confidence and improving their quality of life, together with reducing dependency on medical technology equipment from foreign countries. In addition, it represents the company's commitment to continuously innovating product and service.
